The Biogas Feasibility Study has been completed. I am awaiting the final invoicing and payment to submit to the Energy Trust of Oregon to finalize the matching grant requirements.

RUSA Office and Garage Reroofing Project

We have fully executed the contract with Roseburg Roofing. The contractor has completed a temporary repair to the roof of the office to stop a leak. The contractor plans on roofing the Garage and the Shop area of the office as weather permits. The remainder of the office will be completed next year in April or May as the weather permits.

The contractor is purchasing all the roofing material to ensure that we avoid any price increase not anticipated in the contract.

Energy Service Company

Ameresco and RUSA continue to work on the loan/grant application for four projects.

2. Solar array at the Water Reclamation Facility and the Natural Treatment System.

Late Fees Review

January 10, 2024 Board Meeting

Highlights of December 13, 2023 Discussion

- 97% of accounts are residential or commercial (10,337 accounts)
- 1.49% of accounts are Restaurants (159 accounts)
- Other 1.51% accounts consist of 173 bare lot accounts, 5 Breweries, 5 Markets or Mortuaries & 8 other (including Dairy) accounts.
- 84% of delinquent accounts have a 4 month or less balance (as of November past dues)
- 1420 accounts past due each month or 13.3% of all accounts.
- Average 5% of accounts have a 6 month or older balance as of turnover time.

December 13, 2023 Highlights (continued)

- Staff used analysis of \$4 minimum late fee or 10% or 6%.
- In comparison, Residential/Commercial pay a significant higher late fee percentage than all other users (except bare lot)

TAKE AWAYS:

- Board member are interested in going to a minimum late fee & percentage for fairness.
- There were comments about keeping the \$5 minimum.
- Comments to use 10% late fee
- Concerns about being too punitive for small businesses.

Staff Recommendations

- Use the \$5 minimum as customers are used to seeing \$5 late fees.
- 3% Non accumulative balance late fee or \$5 minimum. This has the effect of a \$5 late fee for the first 4 months late for 97% of our customer accounts.
- Recommend using the Non accumulative balance, so as to generate late fees only on outstanding sewer balances.
- 3% is still a fairer system than the current flat rate of \$5 per EDU.
- Overall staff goal is to move from a per EDU method to a % of balance method for ease of changes for billing system.
- Secondary staff goal after looking at the system was to provide more fairness in the late fee structure among all customers.
